

# Programmable User Interface

## Homework 6A - Adding some JS

Jenny Ong | October 30, 2020

The Links:

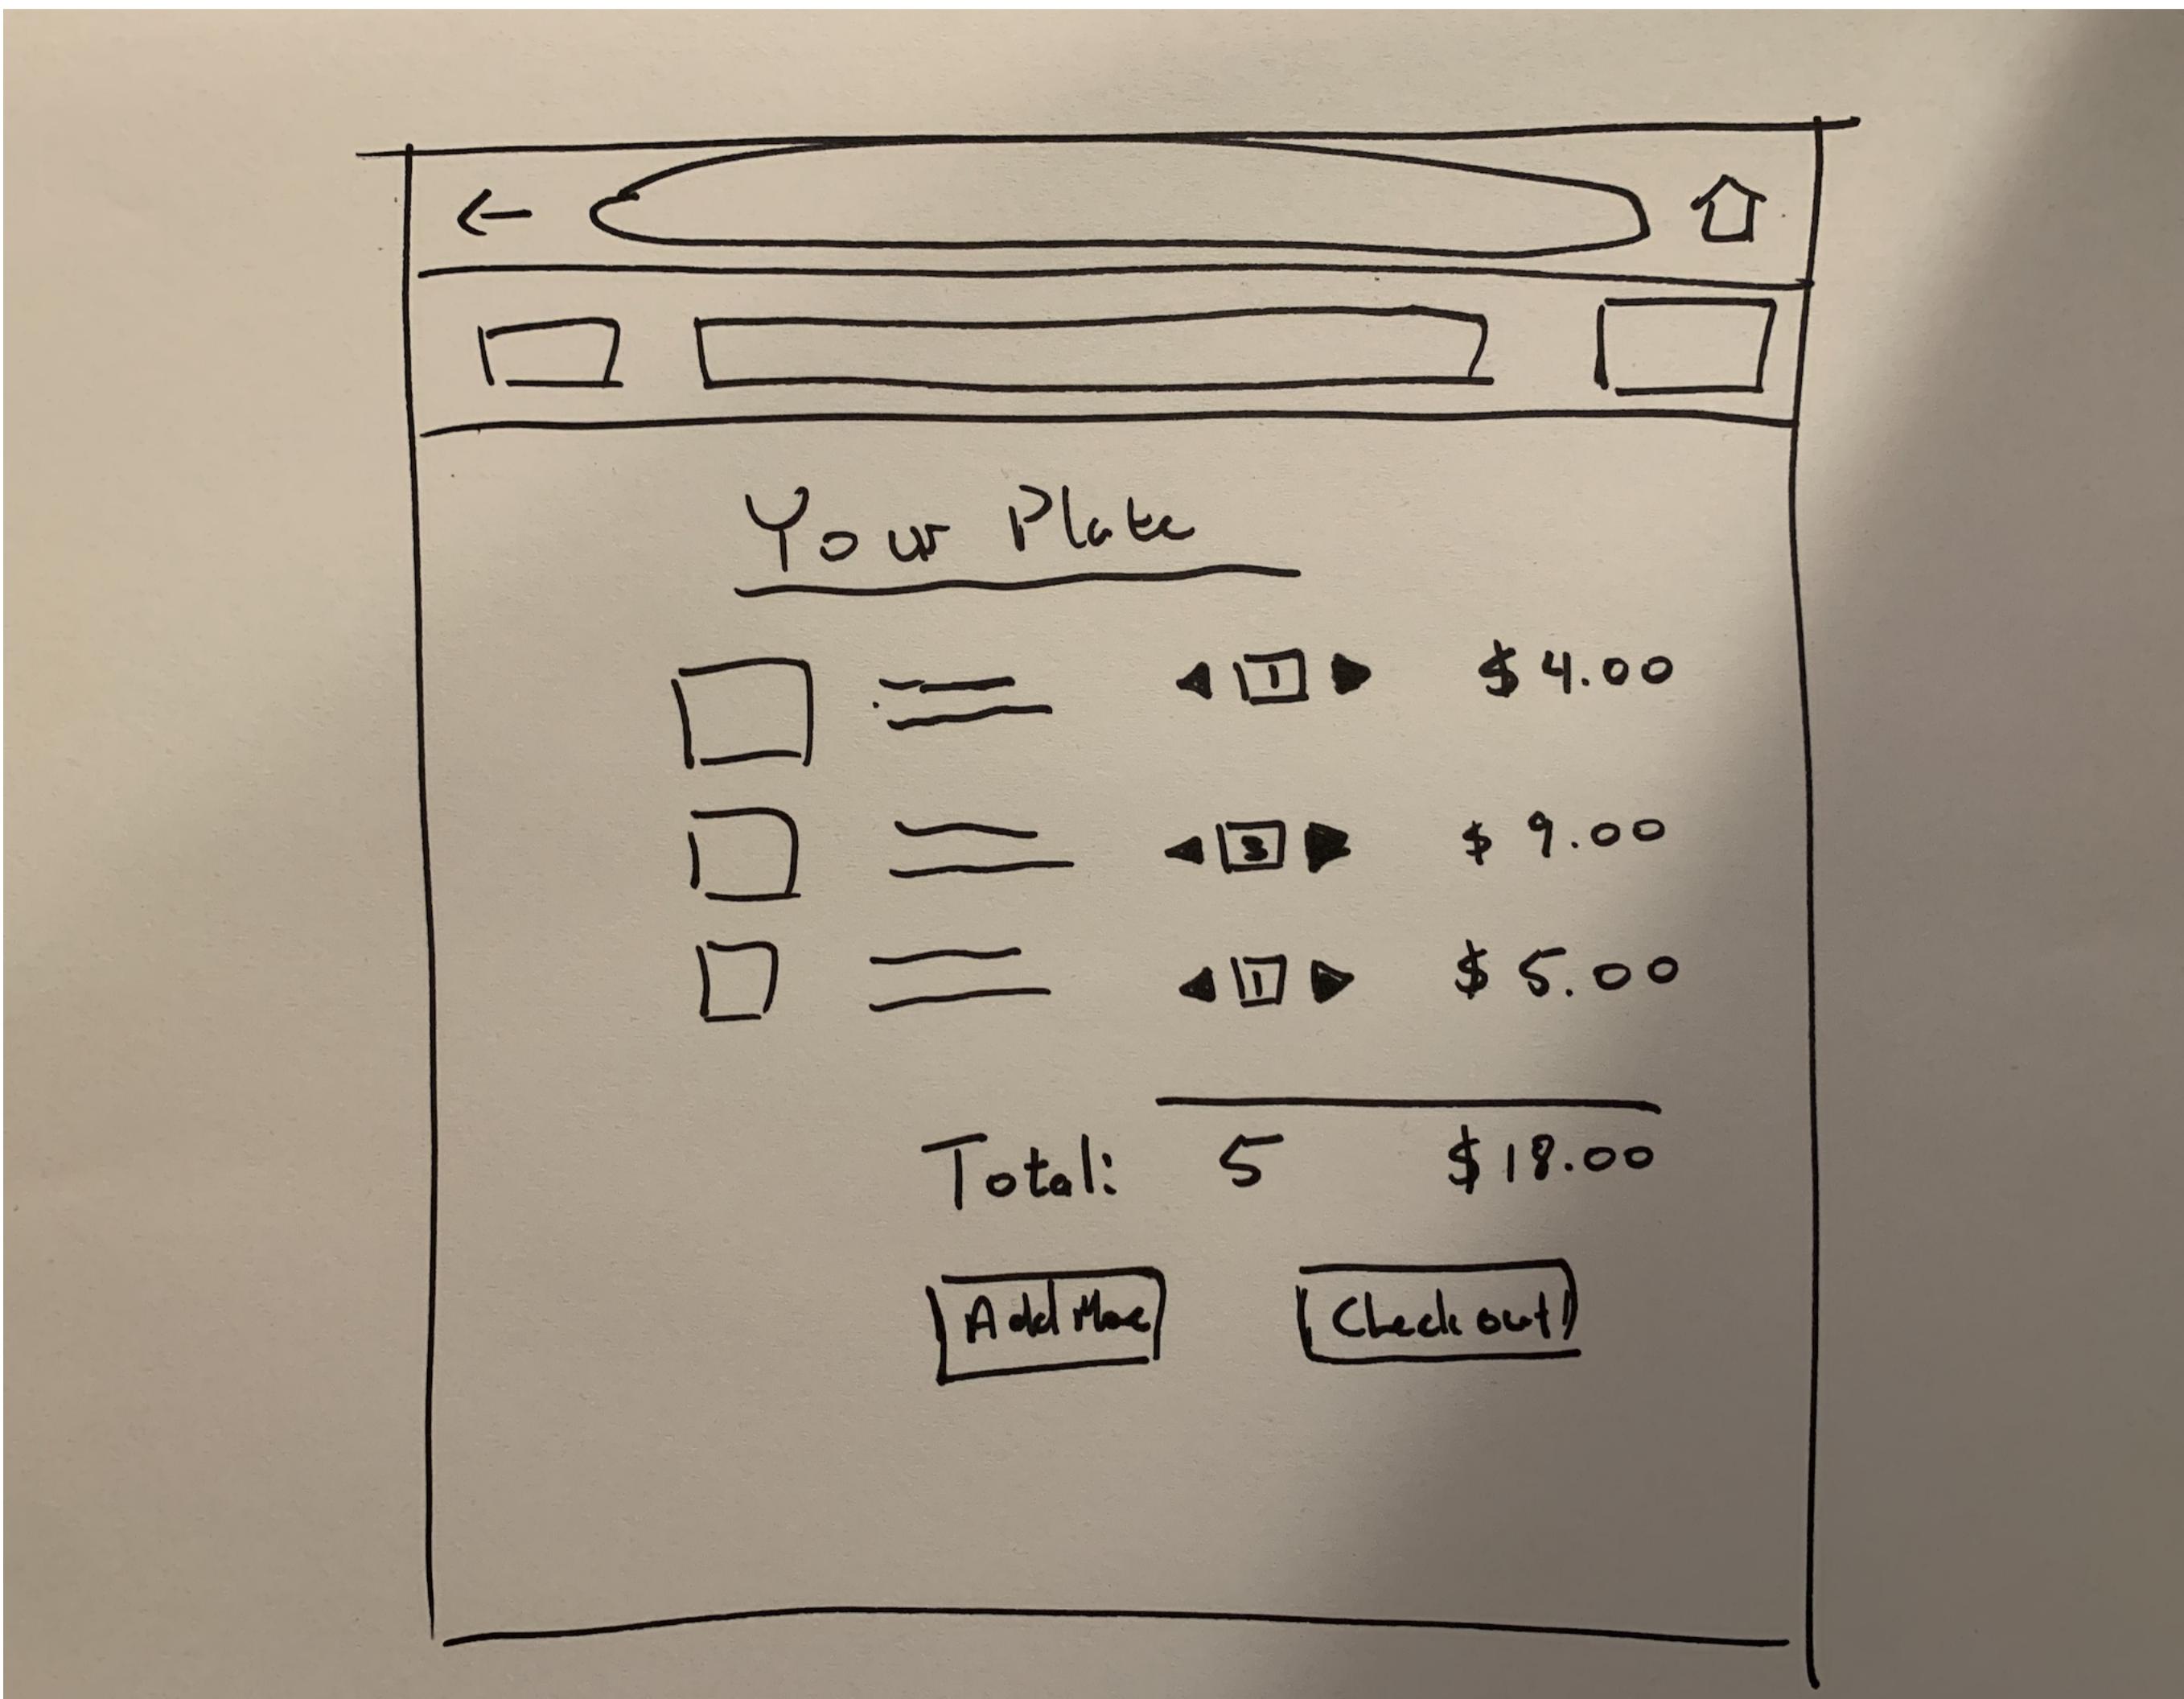

[Jenny's Homework 6A \(and eventually B\) Github Repository](#)

[Jenny's Homework 6A \(and eventually B\) Webpage](#)

The Changes:

- Added “Choose Glaze” & “Choose Quantity” toggles to product pages
- Created “Add to plate” button functionality (alert + updating to # in plate banner)
- Created “Shopping Cart” page that dynamically updates for bun selections
- Updated some buttons from imgs into actual CSS formatted buttons
- Updated fat footer to run to base of screen
- Created linked product pages for remaining 4 pages (so all six are there & linked)

# Bun Bun Bake Shop - Lo-Fi of the Shopping Cart

# Bun Bun Bake Shop - Hi-Fi of the Shopping Cart

We're Open!

Bakery Hours:  
7:00am - 5:00pm

## Bun Bun Bake Shop
